SAP

Single Anchor Point (SAP) for Fall Protection

Duraklick

A brand of SOLTOP Energie GmbH

The Duraklick Single Anchor Point (SAP) with attachment eye is a reliable fall protection solution, specifically designed for Duraklick PV mounting systems. It can be integrated directly into the PV mounting system without roof penetration and is compatible with all Duraklick systems (SR, EW, GR, ECO, and XL).

Certified according
to DIN EN 795:2012
DIN CEN/TS 16415:2017

Up to two people can work safely at the same time, benefiting from extensive freedom of movement on the roof.

The Duraklick SAP is certified according to DIN EN 795:2012 and DIN CEN/TS 16415:2017 and meets the highest safety standards.

No Roof
Penetration

Foldable in
Both Directions

No
Shading

Duraklick Single Anchor Point (SAP) Fall Protection for Your PV System

Flexible Installation and Use

- Rotatable 90° on the base plate for flexible positioning.

- Foldable in both directions to avoid shading the modules when not in use.

Key Features:

- DEKRA-certified according to DIN EN 795:2012 & DIN CEN/TS 16415:2017
- Can be installed without roof penetration – protects the roof and roof membrane
- Optimal use of roof space
- Maximum freedom of movement on the roof
- No shading of PV modules
- EU-approved and compliant with current standards in Switzerland and Norway
- Cost-effective solution
