HEIGHT SAFETY SYSTEM

FOR SAFE WORKING ON FLAT ROOFS!

**CERTIFIED IN
ACCORDANCE WITH
DIN 795:2012**
Type D und E

**FLEXIBLE &
KOMPATIBLE**
with Duraklick &
Knubix Systems

**EFFICIENT &
COST-EFFECTIVE**
Reliable safety solutions
for PV systems and more

The Duraklick HSS fall protection system provides a flexible and cost-effective solution for fall protection on flat roofs. It was specifically developed for photovoltaic systems with Duraklick substructures and ensures maximum safety during maintenance, inspection, and other work at height.

**SAFETY
THAT CONNECTS.**

CERTIFIED. FLEXIBLE. RELIABLE.

Height safety system

Duraklick – HSS

The Duraklick HSS was developed to provide an efficient, flexible, and cost-effective solution for fall protection on flat roofs.

It is integrated into our PV mounting system without roof penetration, eliminating the need for individual anchor points or other roof safety installations.

Up to four people can be secured simultaneously while benefiting from a high degree of freedom of movement.

The system can be used both as a restraint system and as a fall arrest system and complies with the current state of the art in Switzerland and the EU.

KEY ADVANTAGES:

- DEKRA-certified in accordance with DIN 795:2012, Type D & E
- Can be retrofitted to all Duraklick & KNUBIX roof systems
- Installable without roof penetration
- Optimal use of roof surface area
- Maximum freedom of movement on the roof
- Continuous lifeline system prevents pendulum falls
- No shading of PV modules
- EU-approved and compliant with the current state of the art in Switzerland and Norway
- Cost-effective solution

RECOMMENDED SYSTEM COMPONENTS

Safetyharness

Fall protection runner

Fall arrester

optional:
Travelling fall arrester + belt fall arrester

Foldable fall protection runner

PPE RECOMMENDATION

For the operation of the Duraklick HSS, we recommend our PPE equipment: the Duraklick fall arrester trolley, safety harness, and optionally IKAR self-retracting lifelines or our adjustable guided fall arrester with webbing shock absorber.

QUOTATION

We would be pleased to provide you with a customized quotation and support you in selecting the most suitable components.
